

# ORGANIC INFUSED GARLIC OLIVE OIL

**Our Garlic Infused Olive Oil showcases the pungent flavour of market-fresh garlic without any of the bitterness common to certain varieties. Since garlic and olive oil are almost always used together in Mediterranean cooking, you can use this in just about anything.**

***Suggested Pairing: Aged Fig Dark Balsamic***

Made from premium, ultra fresh, extra virgin olive oil from our collection blended in small, artisan batches with 100% natural flavour.
